Wolverines Win Loyalton Contest To End Schedule

Tahoe- Truckee Team Ends Season With Four Wins, Four Loses

A bruising, aggressive defensive line and fast stepping backfield led the Tahoe-Truckee Wolverines to a rousing 20 to 7 win over the Loyalton Grizzlies Saturday, leaving the Wolverines with a season record of 4 wins against as many defeats.

Tahoe-Truckee opened the game by fumbling on their first play and the Grizzlies recovered on the Wolverine 30-yard line. But a defense that was to prove too tough for the hosts all day held on the 10-yard stripe and the Wolverines moved out of trouble.

Following a scoreless first period, Tahoe-Truckee marched to two touchdowns before the half. Bob Trask seored on an end run as he ran around end and over five Loyalton tacklers. Mike Hogan ran the conversion. The second TD came a short time later as a sustained drive of 60 yards culminated run was stopped short and the Wolverines held a 13 to 0 halftime lead.

In the third quarter the Wolverines added another seven points as Bob Trask once again hit pay dirt on an end sweep from 10 yards out. Mike Vieu's placement from the fingers of Holbrook was good. The Grizzlies finally put together a sustained drive in the final period which netted them their seven points as they ran and passed from the Wolverine 40-yard line.

Outstanding play was turned in by the entire Tahoe-Truckee squad, but particularly tough on defense were seniors Mike Hogan, Jim Crawford, Tom Dolley and Mike Vieu. Offensively the Wolverines featured the running of Trask, Bob Sanford and Hogan along with the fine passing of Holbrook. Senior ends Stan Rasmussen and Bill Barr, along with Junior Doug Cooke turned in excellent wing jobs, both defensively and offensively. Coaches Jim Brehler and Dan Holub complimented the entire squad for a fine season, the best in the history of the school. Next year's outlook appears to be very favorable, with lots of returning material as well as many new prospects.

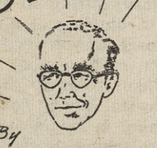
SUNBEAMS



By WALTER M. BARRETT

Truckee's American Legion Post is on the come-back road after a number of setbacks and lack of interest which threatened its extinction and is currently planning future events to bring the only local veterans' organization back into prominence as one of the community's greatest assets. The first of these events is a turkey shoot scheduled for Sunday afternoon. It is sincerely hoped that the project will be supported generously. It will provide a lot of fun and give the veterans a real boost.

We are getting a bit concerned over the apparent apathy which has continued to hold up passage of the proposed housing and zoning ordinance designed to control building in this area and eliminate future undesirable structures and prevent unsanitary conditions and the eventual pollution of our lakes and streams. Fortunately, none has taken advantage of our lack of legal protection against such conditions, but continued delays may well result in a situation which will be hard indeed to cope with. We can only hope that the matter will be given official attention before any untoward condition arises.

CALIFORNIA CAFE IS AGAIN OPERATED BY LOCAL COUPLE

Report On Roads Expected At Meet In Capital Tuesday

Two State Commissions To Discuss Highways In This District

What this area may expect in the way of new or improved highways during the next five years will be tentatively decided at a joint meeting of the California Highway Commission and the California Olympic Commission in Sacramento Tuesday.

Need for improved highways to provide for the 1960 Winter Olympic games at Squaw Valley has been stressed by both commissions and Director of Public Works Frank B. Durkee, chairman of the highway commission, has announced that State Highway Engineer George T. McCay and members of his staff have completed a survey of the region.

McCoy is expected to present a report on this survey at the Sacramento meeting.

Olympic commission members have pointed out the importance of providing adequate highways, with emphasis on four-laning as much of Highway 40 as possible, and a four-lane lateral to Tahoe City, to provide for the expected influx of motorists prior to and during the staging of the games.

Adequate parking areas, with possible shuttle bus service to the immediate locale of the contests are being considered.

The State of Nevada has agreed to cooperate as far as possible in the program.

Walter Barrett, member of the Olympic Commission will represent this region at the session next Tuesday.

Board Will Again Make Study Of Two Local Issues

Again this week as for many weeks in the past local residents are anxiously awaiting word of a decision on two important matters scheduled to come before the Nevada County Board of Supervisors next Wednesday.

The first question, one which has been delayed meeting after meeting for the past several months, is that of the authorizing the employment of a second deputy sheriff to serve this end of the county. While most members of the board apparently favor the project, the inability of all members to be present when the decision is reached and provide the necessary funds, has been the prime cause of the repeated delays, Supervisor H. G. Loehr, one of the sponsors of the plan, said.

The second matter of even more far-reaching effect upon the district is the zoning ordinance designed to prevent construction of undesirable buildings in the district and the resultant unsanitary conditions which might follow. The ordinance was read for the first time at the meeting October 19 and is expected to be enacted Wednesday. Action on this matter also has been delayed several times while officials made minor changes in the wording but without changing the design.

FIRE STATION HERE IS NEAR COMPLETE

The New Truckee fire station being erected by members of the volunteer department will be completed within the next two weeks, Chief N. F. Dolley reported to the members at a meeting held Tuesday night at Cozzi's Cafe.

The house is being built without cost to the fire district and through volunteer labor and funds raised through donations and by the firemen themselves.

Gifts of $93 from the Truckee 20-30 Club, $100 from George Kaspian and $50 from the Coca-Cola Bottling Co. were acknowledged at the meeting. Others wishing to contribute to the building fund are asked to contact Chief Dolley.

Chief Al Henry and Pete Vanni of the Tahoe City department, were guests at the dinner.

Agencies Probing Looting Of Truck After Wreck Here

Names, License Numbers Are Turned Over To Federal Agency

Local officers this week reported they have turned over to investigators, names, license numbers and descriptions of scores of people charged with participating in the looting of a truck load of turkeys wrecked near Donner Summit last Thursday morning.

This information, according to the officers here, is now in the hands of the Federal Bureau of Investigation for disposition by that organization, since the truck and its cargo were interstate.

Of the 2100 turkeys comprising the load bound from El Monte to New York, only approximately 500 were salvaged, while approximately 800 were destroyed when the truck driven by 19-year-old Robert William Brotnow, Whittier, went over an embankment, scattering the cargo over a wide area. The balance of the load, or about 800 turkeys was missing at the final count.

State Patrolmen Carroll Maynard and William Gautsche were unable to cope with the crowds which gathered at the scene and called Deputy Sheriff Roy Waters and Constable N. F. Dolley to assist them in preventing the wholesale looting.

Thee patrolmen reported county, state, railroad and federal vehicles were involved and that hundreds of passing motorists as well as scores of local people gathered to help themselves in what they described as an uncontrollable mob.

Up to 100 turkeys were found on pickup trucks and a frozen locker concern at Reno reported a brisk business as residents from that area rented lockers to store their loot. An unconfirmed report said one man set up a stand west of the scene and was offering the birds at 30 cents a pound. Still another built a fire at the scene to roast one of the turkeys, explaining that "this is one they won't take away from me."

The salvage was released by the insurance adjuster at 6:30 p.m. and far into the night flashlights blinked over the hillside as the search continued for a turkey overlooked during the day.

Local officials were unable to predict the outcome of the current investigation, but announced that steps would be taken to prevent a repetition of the outrage.

ROAD PROJECT HERE DELAYED FOR WINTER

Because the expense involved in transporting required equipment is prohibitive, no work to surface the streets in Truckee can be done this fall.

County Supervisor H. G. Loehr said, however that he will make the program a "must" for early next year. It had been hoped that the work could be done this year with equipment in the area doing state highway work, but because of technical difficulties brought up by the district attorney's office this was found impossible.

Plan South Visit

Mr. and Mrs. A. B. Cook with Mrs. W. C. Bowden of Sacramento and James Bowden plan to motor to San Diego where they will visit David Cook who is stationed there with the U. S. Navy.

HELD IN JAIL

Glenn O. Weaver of Greenville was fined $250 when he appeared before Judge F. W. Wilson yesterday on a drunk driving charge. He was being held in jail pending payment of the fine. He was arrested by Patrolman T. F. Sheehan.

NORTH TAHOE

Accident
Another accident right in the heart of Kings Beach, and it was a miracle no one was killed. A load of minors travelling down Brockway hill at Kings Beach at a terrific rate of speed, just missed a headon collision by a hair's breadth and ran into a culvert and turned over, saving them from running into the Sun & Sands. Nothing could have saved anyone who might have been passing. One cannot but feel that a lack of patrol service at the North Lake area is partly responsible for the wanton carelessness of the teen agers— yes and some of the grownups too, locals as well as visitors. They know there is no highway patrolman around and deliberately take advantage of the situation. Get busy and do something about it with a punch. I wish to say that the small number of patrolmen in the Truckee Tahoe area have been doing a magnificent job, more power to them.

Back Again
Unadel Crawford has just returned from a five-week stay at San Bernardino with her husband's sister, who returned with Unadel for a stay. Ernie and son, Jimmie, have been batching it all those lonely weeks.

Buck Stew
Well, there will be a buck stew free at Joby Lewis Monte Carlo on Friday, November 18th so save that night for a real good time. By the way, Joby and Helen are away back in Detroit with all of their relatives.

Football
Enthusiasm ran high last saturday when the Truckee-Tahoe football team won from Loyalton this area may be well proud of the players from here, some of whom were, Jimmie Crawford, Jay Mandeville, Bob Molsberry. Fred Schultz, Ken Lavery, Wes Ball, Scott Gilmore, with Wee Stan Baker as manager or sumpin.

Sunshine
Sunday noon.. Just had to come in off the porch as it's really too warm sitting in the sun. No, I'm not bluffing at all, it is the most gorgeous you ever did see, and the 6th of November and not a snow flake in many miles. Was up at Crystal Bay an hour ago and everything is hustle and bustle as they are trying to get most of the outside work done on the Ta-Neva-Ho Club, so that work can continue through the winter.

Quickie
Dave and Mrs. Ashton took a trip down to Pasadena last weekend only for about three days. The occasion was to attend a wedding of Leonard Tucker a nephew of Daves, who has recently been released from the Navy.

Dance
The Carpenters' Hall is the spot for the young people of the community these Tuesday nights. Mrs. Robertson informs me that it is hoped that all organizations will do their part in making the idea successful. The North Tahoe Women's Club has already sponsored one week and each service club will be asked to sponsor two nights a month. The affairs will start at 8 P.M. and close around 10 P.M. The hall will be at a very nominal fee and refreshments will have to be found. More information can be had by calling LI 6-2266, Mrs. Chester Robertson.

Leave Area
I see the Bob Murrays have left the area for the winter and will make their home in Merced. Their stay was very short this year, on account of their trip abroad. We hope they will be with us for the whole summer next year, and in the meantime a very pleasant season to both of them.

New Shop
Congratulations to Gene Faulkner of the Tahoe Plumbing Company. Gene is building a real up-to-date shop on Brook Street, Kings Beach. It is just a shop for the time being, but will have additions in the near future.

Hot Springs
John Mason and Mrs. Dixon have closed their beautiful home opposite Eugenes Chalet, Crystal Bay, and will winter at Desert Hot Springs. They slipped out on us all of a sudden, and never even said good-by.

Protection
Well, we have a new deputy sheriff in our midst in the person of John A. Rabaska just up from Auburn. John will stay at Tahoe City for the time being, and now Kings Beach is in line for a deputy any day now. The sheriff's office is already open at Tahoe City and this will be a great stride in the protection of homes, and will tend to lessen the breakins and burglaries that the area was subjected to last winter and through the summer months.

Visit South End
The Lions and Ladies of the Lake Tahoe Club visited the South end club last Monday. The meeting was held at the Wagon Wheel. It was, besides being a wonderful life for us ,more fun than a picnic. A goodly number took the trip around the lake.

Devils Tower in Wyoming was dedicated as the first National Monument by President Theodore Roosevelt on Sept. 24, 1906.

my McLane, Gary Waters, Donny Whitneck, Kathy Braasch, Gail Englewood, Karen Hedlund, Susanne Olano all finished the book "We Look and See'. Gary Waters found a cocoon on a branch and brought it for us to study in connection with our unit on insects.

Karen Hedlund has been ill but we hope she will be back soon.

SECOND GRADE: In social studies we have been studying about different kinds of cars used in making up trains. Doug Nelson was the engineer in a dramatic play we put on where we loaded cars and made up a freight train. Courtney Lewis was the fireman, Jackie Finnegan and John Sturcke rode in the caboose. Alexandra Cushing chose to load the heavy duty lumber flat car, Kevin Larrivee the hopper car with coal, Dawn Maynard the refrigerator car with lettuce, Charles Hintz a flat car with tractors. Those who chose cattle cars were Dennis Stevens with sheep, Dennis Richards with bulls, Heidi Euer and Randy Russell with horses, Richy Ralphs with pigs, John Besio with cattle. Debbie Ellis chose the cars for the circus animals. Edna Arterburn wanted to load the elephants and Anne Morey the lions. Fosten Wilson wanted to load christmas trees; Larry Digesti, bananas; Eileen Olson, clothing; Kenneth Hensley, ice.

FOURTH GRADE: Fourth graders enjoyed decorating their room for Halloween. Working on the fence committee were: Judy Mitchell, Billy Carter, Wilma Curran, Barbara Steele and Dick Ingalls. Pumpkin committee people were: Sara Van Sickle, Robby Kaspian, Sylvia Clark and Dianne Cardinal.

New class officers for the month of November are: Diane Kay, President; Arlene Novak, vice-president; Lynn Quartly, secretary; and Ronald Brown, treasurer.

FIFTH GRADE: We formed social studies research committees this week. Chairmen were: Spanish explorers, Pamela Rose; French explorers, David Pankoke; English and Dutch explorers, Gary Brines.

SIXTH GRADE: We are currently studying the Canadian Maritime Provinces of Nova Scotia, New Brunswick, Prince Edward Islands, and also Newfoundland and Labrador. Pat Freeman gave an excellent account of the history and government of these provinces, as did the other members on her committee - Pam Freeman and Barry Leamon. David Ayala's committee on livelihood and shelter gave a very good description on paper-making. His committee was composed of Dana Hamilton, Wade Hensley and George Redford.

The November officers which were elected by the class last week are: Stephanie Cozzi, president; Dana Hamilton, vice president; Pat Freeman, secretary; and Linda Giovannoni, treasurer.

DEER KILL DOWN AS SEASON IS ENDED

Although the 1955 Sierra Deer season which ended Sunday night, October 30, ran an extra week, it now appears that the total bag for the combined coastal and inland seasons will be slightly lower than the 1954 record breaking total, but still will be the second best ever recorded.

Tag returns as of the 31st day of the 31st day of the Sierra season showed the bag running about 3,500 behind last season as of this date.

San Francisco was the first city in the nation to vote municipal support of its symphony orchestra.

NEWS NOTES FROM TAHOE

by Ethel Joslin Vernon

Ideal Weather

A few gathering clouds on Friday night seemingly threatened the long continued perfect weather of this region. Then, early Saturday the temperature rose almost to summer warmth again, and a few showers of summery rain followed. However, the scattered showers brought scarcely enough precipitation to be recorded, and by the middle of Saturday afternoon the sun was shining bright and warm again, and not a trace of clouds showed anywhere. Since then a few thin clouds float around the moon throughout the late night hours, and with the rising sun they dissappear. While distant localities shiver and shake under icy rains or freezing snow-blizzards, the high Sierra country just stands serenely with head-and-shoulders high above all the bad weather and basks in pure air and bright sunlight.

Halloween Party

The Tahoe Inn was especially opened on Saturday night to accommodate the Rotary Club's belated Halloween entertainment, masquerade and dinner. Manager Billy Bechdolt himself was a prominent figure in the midst of the large gathering, all decked out as an Indian in war paint, and with his beautiful "squaw", Bernie, beside him. Marshall Ruhkala, Lake Forest stone mason, and his attractive wife, made a handsome pair of native deer. Both were fitted with suitable antlers and the "buck" had a legal deer-tag wired on solid. Mr. and Mrs. H. H. Farr masked as the Stone Age Skrag Bothers. (Farr is custodian of the Sanitary Sewage System and purification plant here.) If we hadn't seen it, we'd never believe human beings could possibly look so divinely ugly and "stone-agey". Farr was awarded the "pot of-gold prize" which turned out to be a dirt-colored cake with three candles, made of unmentionable materials. Bob Tonini who won the prize for the most comical character, was called "Godiva" throughout the evening, although why was hard to figure, as he had no steed to ride. However, his six-foot-something was draped in a long flowing robe-- and nothing else except a huge fluffy wig, and he expertly danced an Egyptian Snake Dance. Rick Giannini also won a prize, awarded the most beautiful costume. He represented a lady dressed in pink and blue chiffon gown with low-draped bodice, and a pink and blue lace hat to match. With his perfect job in make-up he was the most beautiful "lady" of the evening, and didn't even wear a mask to make it. Other outstanding impersonators included Tahoe City's bakers, Leonard and Dorothy Bury, Leonard masking as a white-robed ghost with skeleton features, and Dorothy as a willowy Manderin beauty; Ben Jones as a realistic long-nosed tramp and his wife Ruth as a lovely Alice-in-Wonderland with long golden hair all in waves; Warren Porter, clothing store merchant, who recently returned from a vacation trip "down south", was up as a tall and impressive black Mammy. Yours Truely impersonated the "Sierra Sun on a tear" — with interesting headlines torn from a number of copies and tacked all over our outfit,- with a Halloween hat made of the title page with large lettering in relief, a shining necklace of paper clips, and a placard hung over the shoulder bearing the glaring legend- "SUBSCRIBE HERE". The costume was quite a job to make, but anyway it did draw some attention!

Mrs. Clarke Hostess

A Halloween costume party which took place on the evening of Oct. 31st. at the Richard Clarke home in Tahoe Pines, was hosted by Mrs. Doris Clarke in honor of the tenth birthday of her daughter Pamela. The young lady received a number of lovely gifts from her young guests who included the following: Jeane Haggie, Patty Cook, Sandy Fellows, Sharon Quinn, Sandra and Stephanie Snyder, Susan Sprague, Steve Horvath, Janet Verner, Mike Wright, Parkey Bechdolt, Danny Conners, Mike Marvin, Jerry Grinstead, and Ronnie Fauwn.

Club Meets

The Tahoe Women's Club held their regular business meeting with luncheon on Thursday afternoon at Smart's Restaurant at the Truckee Y on highway 40. Twenty members attended. Following the luncheon President Doris Clarke presided over a short business session. Jack McGlade, busness manager of the Tahoe Forest Hospital, was guest speaker for the occasion, and the club later presented him with a sizable check, a donation to the Hospital to be used toward the purchase of a new oxygen tent. This is something the hospital is said to be seriously in need of, as they have only one at present which is not sufficient for the growing needs.

Veteran Watcher

Mrs. Marie Henry of this city reports this week that she has started on her third year as Supervisor of the Aircraft Ground Observation post in this locality. Every plane that passes over Tahoe within sight and hearing of this post has to be reported to the Sacramento Air Filter Station, and there are getting to be more and more planes going over by day and night as time goes by. Therefore Mrs. Henry is kept very busy reporting them between her various other duties. The entire family, including Al Henry Jr. and his family, who live next door, have been spotting planes part time for Marie to report for the past two years. Recently they were all presented with medals for faithful attention to this duty.

Membership Drive

Judges on the membership drive contest, carried on last week by pupils of the Tahoe Lake school, were the school directors - Mrs. Ernest Hoxie, Robert McLane and Dinty Moore. The third and fourth room grades, taught by Mrs. Lillian Farr, were the winners of the P.T.A. membership drive. Memberships brought into this class room totaled numbers exceeding all the others. The award was a party held for the winners in their room, which was crowded with proud parents and friends on that evening. Cake and ice cream was served by the teacher, and the students enjoyed games and indoor entertainment. "Back To School" night is being observed in this class room Thursday evening, Nov. 10th. This evening is set aside for parents to attend and get better acquainted with the teacher, and become more familiar with the school-day occupations of their children.

Drive Closing

Mrs. Louise Geier of Tahoe Park, chairman on the Womens' Club clothing drive for Korea in this locality, says the drive will close on the coming week end. She urges that anyone having good used clothing of any kind to donate, should get it turned in right away. The war devastated homes in that unfortunate country are sure to be left to face a cold winter with very little comfort of any kind. She said the drive had been very profitable here and that a good truck load of usable material will be ready to ship.

Visit Lake

Two Tahoe City couples motored to the Bay area over the past week end on a combined business and pleasure trip. They were Mr. and Mrs. Norman Mayfield and Mr. anod Mrs. A.M. Anderson. On Sunday evening Mrs. Anderson's daughter, Miss Kathleen Starratt, arrived at the Anderson home again for the early winter season. She motored from Jackson Hole, Wyoming where she manages the Elbo dude ranch through the summer and fall seasons.

Some Lakes Still Open For Fishing In State

California's general trout season ended on Monday, October 31, the Department of Fish and Game reminded anglers.

However, there are a number of lakes including Lake Tahoe which can be fished for trout the year around, and which are listed in the 1955 Digest of Angling Regulations, available at license agents.

Anglers should consult the angling digest for the list of open streams. A county by county listing of streams open for salmon and steelhead is given on page 16.

DISTRICT GOVERNOR AT ROTARY MEETING

KINGS BEACH— On Monday night the Rotary Club of Brockway welcomed District Governor Frank B. Gregory of the 164th Cal-Vada District at the regular meeting held at Crystal Bay.

President Bill Randall introduced Governor Frank, who used as the thesis for his lecture, "The Rotary Path". He held his entire audience at attention during the whole time.

His message can be summed up in the following statement: "That all those individual Rotarians, all those clubs throughout the world are united in the common endeavor to promote International understanding and goodwill and peace, with honor to each other."

After the meeting Governor Frank held a club assembly, discussed the work of the various committees and offered his help if it was to solve any problems that the club might have.

Visiting Rotarians were present from Reno and Tahoe city.

Scott Tells Rotarians Of Early Tahoe History

TAHOE CITY— Tahoe City Rotarians, meeting at Bacchi's Inn the evening of November 1st were entertained by Bud Scott, local boat excursion operator. Scott, who for the past two years has been collecting data on the history of Lake Tahoe, showed photographs of early day resorts, boats and people, dating back to the 1860's.

He said data he had collected showed that the first large boat to sail Lake Tahoe was the Iron Duke owned in 1860 by Homer D. Barton, who lived at what was then known as Island Farm. The place was later known as Island Park and is now in Lake Forest, two miles north of Tahoe City.

Contrary to some opinions, Scott said he was told Tahoe City was not the first town at Lake Tahoe. "Marks Trading Station" at Tahoe Valley at south Tahoe was the first - as claimed by some. Tahoe City said to be 2nd in 1862-63 as the result of the faked gold discovery at old Knoxville, on Truckee river across from Squaw Creek.

There was but one visiting Rotarian and one guest besides Scott. Vice-President Bob Wray presided in the absence of President Vern Bartell who still was on vacation. Basil Kehoe was program chairman. Twenty-four members were present.

Scott said he has most of the data collected for a book he intends to have published on the history of Lake Tahoe.

IN RENO—

Mrs. Edythe Deaton is now living in Reno where she has transferred with the Pacific Telephone Co.
